

1. Unzip the downloaded file.
2. Copy the upgrade file "MDVR_APPS_0800_0332_0000(1).UFD" into SD card. Then insert SD card into MDVR, and power on MDVR. (please make sure the sd card can be detected and read by MDVR)
3. Go to DVR main menu-Tools-Upgrade to upgrade the MDVR

4. Take out SD card, reboot MDVR, press info key on remote controller to check if upgrade succeeded.
